

International Bike Tour 2013

"The Relief Expedition To Vienna "

Vilnius (3.8.) – Warsaw (17.8.) – Cracow (25.8.) – Vienna (31.8.) – Salzburg (8.9.)

Organization: „The Great Millennium Peace Ride Lithuanian Fund” (Lithuania) together with the “Crotos Travellers’ Association” (Poland). These Organizations emerged out of the Great Millennium Peace Ride (1998-2000), a bike tour under the auspices of the UNESCO which led around the whole world. Since then every year a tour is organized under the name Baltic Cycle.

The Idea: To promote travelling by bike and unite people from different countries, cultures and ages on one route. Everybody can participate for part of the route or the whole tour.

What is organized: Maps with route descriptions and some sightseeing info, camping places, car transport for one piece of luggage per person.

Daily Routine: Every morning there is a map meeting, where maps are distributed and explained. During the day everybody travels individually or in self organized groups. Everybody is responsible for himself. Per day a distance of approximately 70-100 kilometers is made.

This years motto: The tour commemorates the liberation march led by Jan Sobieski III (King of Poland) from Warsaw to Vienna

Join us – for a day – a week or the whole tour!
